

Deaf+Health

Deaf people needed for this important research...

Do Deaf people have worse health than hearing people?

Do Deaf people have unequal access to health services because it is difficult to communicate?

All you have to do is go to www.deafhealth.org.uk
It's available in English and BSL.

The research will give us evidence so we can push for change within the health service.

**EVERYONE WHO TAKES PART
GETS A CHANCE TO WIN A PRIZE!**

www.deafhealth.org.uk

is one of over 60 organisations taking part in this research project

LOTTERY FUNDED

Deaf Health is a research project organised by SignHealth, the healthcare charity for Deaf people. Contact us if you want to find out more, email info@signhealth.org.uk Reg Charity no. 1011056
